

DROPSHIPPING NOW AVAILABLE IN SOUTH AFRICA!

Empower yourself by starting your own business. It's simple, you do the selling, we do the rest!

Start your own retail store, no investment, no stock, no storage space required.

What is drop shipping?

Drop shipping is a selling method whereby the seller or retail store owner does not keep goods in stock but instead transfers customer orders and delivery details to the wholesaler for processing and delivery directly to the customer using the seller's company details. This method removes the normal requirements of owning a store such as purchasing and keeping stock, rental space, packaging and staffing costs all of which can be financially demanding. You are then able to focus on selling your products while we do the product sourcing, packaging and delivery for you.

How does it work?

It's a fairly simple and easy way to do business and have been very successfully employed in overseas countries like the USA and the UK. Our process works as follows:

- We supply our products at wholesale prices with no minimum requirement.
- You add your profit mark-up and start selling your products.
- You email your orders to us for processing.
- We process your customer orders and deliver directly to your customer using your company details.

How to Register

Should you be interested, please complete the [Application Form](#)

We'll email you our product catalogues and information booklet.

Please note: There is a compulsory non-refundable registration fee of R150 payable before any orders can be processed.

How much does it cost?

There are 2 options available to choose from with no long term contract obligations. You can change your option at any time once your current month has completed.

Option 1

Monthly service fee of R250 plus 35% of your profit mark-up per order.

Option 2

Monthly service fee of R1250 for orders accumulating a profit mark-up of up to R5000, thereafter a 30% profit mark-up per order for the duration of the month.

Profit mark-up is calculated as: Selling Price – Wholesale Price = Profit Mark-up

For more catalogues of different products please email us at dropshipping@nickybconsulting.co.za. We will email it to you.

Please note:

There is a compulsory once-off, non-refundable registration fee of R150 payable before orders can be processed.

The monthly service fee and wholesale price includes product sourcing, packaging and administrative costs. VAT (included or excluded) will be indicated on product catalogues.

All delivery costs are excluded and are payable by you/your client. These costs could be added to your selling price. We will provide you with an estimate for delivery costs.

Should you be interested please complete the application form, just click on the link below, or contact us for more information.
